#### The Triumph of Principle. ДИР РВОГЪР-Ч{Сээбэс(оця....

Sound the loud trampet o'er corruption's dark sex. The People have triumphed and the nation is free ! Since the nomination of Gen. Harrison, for the Presidency, in December last, the following States of this union have declared in favor of that gallant Hero, incorruptible patriot and HONEST MAN.

> VIRGINIA. CONNÉCTICUT. RHODE-ISLAND, LOUISIANA, VERMONT. \_ MAINE. MARYLAND. DELAWARE, ... GEORGIA AND NEW JERSEY.

And this proud declaration has been express. च्च by the mighty ... ajority of more filan-

# 60,000 Freenich.

This iranscendant exhibition of the power and virtue of the people over party management; executive power and corruption, must plant encourage every patriot to hope and believe th't the inflexible honesty and infelligence of the people are more than equal for every crisis in their political affairs. On every hill top and in every gloorshould be shouted an anthem of thankagiving for the brightened prospect that Witten than a triumph of party; it is the triumph of immutable principle, effected by the great mass of the American People, in an earnest determination to secure the greatest happinim of the greatest number.

Let the eye rest on the States that have al ready spoken in fevor of Freedom ... d-Right of Hannison and Rayonwand then say on what States this corrupt administration can build ite haped and say; here its apporters expect to be sustained and have their power renewed. There is no room for such confidence. The people have branded it with their condemnation, and it 2000 and 3000. eat) remains for it to gather up its Kurbs and die .. - Thus may it ever be with those who would abusy the power and confidence bestowad by the p-ople.

The cheering intelligence we give below should encourage and animate our friends to renewed and constant effort to-keep. Maine in company with lier sister States on the side of the people and genuine republican principles.

NEW-JERREY.

The Whig triumph in this State is complete and the people of New Jersey have nobly, responded to the appeal made to them to viadicate their rights, outraged by a locofoco maiority in Congress. The Legislature, which eleats a Governor, and Senator in Congress, in place of Garret D. Wall, stands thus: Council 13 Whige and 5 Van Boren. It is certain that the Whigs have the State Senate by a considerable ninjority, and the probabilities are very strong that we shall also have a majority in the House of Representatives The Whigs have gained one member in Comberland and two in Bedford, and the Express says, "if we succeed in Washington, and in the counties which have freretolme been considered as decidedly Whig, the Harrison strength in the lower flouse will stand 52 members. So far us the Legislature is concerned. the intelligence is indeed obsering.

With regard to the popular vote, it is, perhaps too soon to express an opinion; but com this important point many of aur friende indiffe a belief that the State has already gone for Harri son, while there are few who have not confi dence in a triumphant result this day forthight.

They must devote themselves to the good work before them and labor with their might for their country and her republicen institutions. The time is short and must be fully and faithfully employed. LEGISLATIVE INVESTIGATION.

We suppose it is incumbent on us to notice any Legislative presendings other than the revision of the laws. It was the understanding that sothing clas would be done at the execution but there reems to be a lot of other and rather unusual business on hand.

On Thursday evening of last week there was a whig meeting at the State House. . It so happened that shortly before the meeting an open letter was accidentally or by design place in the way of Mr. Ous of Hallowell, who, finding it to bo of a gery interesting political obscucters made some reference to it in a speech, which he delivered at the meeting. The letter being loudly called for, he read it.

On examining it, however, the next morning.

there were such doubts of its genuineness that it was not thought proper to publish it. But it had been noised abroad and caused some excitement. On Friday Mr. Carey of Houlton, a member of the House, whose mame is mentioned in the letter, introduced an order for the appointment of a committee of Inn Stigation, with power to send for persons and papers. The order was adopted, and the following gentlemen were appointed on the committee, viz: Messrs Deleadernier of Barleyville, Burbank of Limes ick, Excrett of Branswick, Otis of St. George Fitte of Dedham, Olis of Hillowell, Andrews of Turner, Getchell of Anson, Barker of Exeter, Chadbourn of Eistport, Millikin of Burnham, Hill of New Portland, and Coswell of Farming ton. This committee has had one or two sea sions, but has made little progress.

By thus time we suppose the curiosity of the reader may be excited to see, the letter, which has raised such a breeze. Here it is them. Ken
